Beste verzamelaar en liefhebber,

Hij is er weer: de nieuwe veilingcatalogus voor Kunst & Curiosa, Goud, Zilver & Sieraden en Militaria. Deze veiling vindt plaats van woensdag 12 t/m zaterdag 15 januari aanstaande. Voor de Kunst en Curiosa hebben we de woensdag en donderdag ingeruimd, voor het goud en zilver de vrijdag. Tevens veilen we op deze vrijdag de onderscheidingen en penningen. Tenslotte is zaterdag 15 januari gereserveerd voor de militaria, nog steeds een groot verzamelgebied.

Deze veiling bevat bijna 4600 kavels, van mooie kleine sieraden tot grote dozen vol met moois. U vindt diverse interessante kunstobjecten waaronder schilderijen, mooie en diverse juwelen en sieraden, diverse interessante verzamelobjecten, veel militaria etc. Er moet iets voor u tussen zitten!

Het is misschien even wennen: vanaf nu zijn de omschrijvingen in het Engels. We leven in een steeds internationaler wereld, ook dankzij Corona.

Over Corona gesproken: de maatregelen zijn op het moment van schrijven van deze catalogus redelijk soepel en we kunnen gewoon inkijken en veilen, zonder afspraak. Echter, kunnen we u helaas nog niet van een lunch voorzien omdat we hierbij geen gepaste afstand kunnen garanderen. We volgen uiteraard de richtlijnen van het RIVM en we hopen hierbij op uw begrip.

Het aantal kijkdagen is voldoende om iedereen de mogelijkheid te geven om goed te kijken, inclusief twee avonden. We starten op maandag 3 januari en eindigen op dinsdag 11 januari. Let erop dat tijdens de veilingdagen zelf NIET gekeken kan worden, we hebben dan de ruimte nodig om met gepaste afstand te veilen.

Bij de kunst vindt u een aantal mooie stukken, met gerenommeerde namen zoals de 'Ring van Willehad', de zilveren gehamerde cocktailshaker van Georg Jensen etc. Ook veel Aziatica aanwezig en andere gewilde verzamelgebieden. Belangrijk bij de Militaria: de collectie onderscheidingen en penningen van dhr. Riemersma (deel 1), de collectie Hofsteenge met daarin opgenomen Napoleontische en gerelateerde objecten met een accent op schutterij etc. Blader maar eens door deze catalogus en laat u verrassen!

Tot slot: zoals altijd kunt u weer op alle kavels live meebieden via internet. Na registratie via www.ha-europe.com kunt u inloggen en meebieden. Ook kunt u hier uw schriftelijke biedingen doorgeven. LET OP: bij het sluiten van de biedingen via onze website is het niet altijd zeker dat u op de veilingdag zelf de hoogste bieder bent, we moeten immers nog binnengekomen biedingen verwerken. De kans bestaat dus dat u alsnog overboden wordt zonder dat u daarvan op de hoogte wordt gesteld, houdt u daar rekening mee.
Uw aanwezigheid tijdens de veilingdagen wordt uiteraard zeer gewaardeerd. Mocht u echter verhinderd zijn en kunt u niet via ons live computersysteem meebieden, dan voeren wij uw schriftelijke biedingen, zoals u dat van ons gewend bent, discreet en met zorg uit. Wellicht tot binnenkort en alvast succes met bieden!

Met vriendelijke groet,

Jacco Scheper, Huib Pelzer en alle andere medewerkers bij Heritage Auctions Europe.

TIP

In deze catalogus staat een beperkt aantal kavels afgebeeld.
Als u naar onze website gaat (www.ha-europe.com) kunt u ALLE kavels afgebeeld zien!

ALGEMENE VOORWAARDEN

Geldende bij de aankoop in veiling van roerende zaken.

Artikel 1 toepasselijkheid

1.1 Deze algemene voorwaarden zijn van toepassing op alle onderdelen van de relatie tussen de veilinghouder en de koper waaronder die betreffende koop, verkoop, bemiddeling, waardering, beoordeling, taxaties, catalogisering, bewaring en overige diensten. Onder koper wordt mede de aspirant koper verstaan die deelneemt aan de veiling ongeacht of deze in persoon biedt, per telefoon, door achterlating van een schriftelijke of mondelinge biedopdracht, elektronisch of door middel van het internet en ongeacht of een koopovereenkomst tot stand komt.
1.2 Afwijking van deze algemene voorwaarden is alleen mogelijk indien en voor zover uitdrukkelijk schriftelijk door de veilinghouder aanvaard.
1.3 De toepasselijkheid van de algemene voorwaarden wordt aan de veilingbezoekers kenbaar gemaakt door publicatie in de catalogus voorafgaande aan de veiling en/of mededeling voorafgaand aan de veiling en/of vermelding via internet/op de website van de veilinghouder. Een ieder die aan een veiling deelneemt geeft daardoor te kennen de toepasselijkheid van deze voorwaarden volledig te aanvaarden.

Artikel 2 informatie-/onderzoeksplicht

2.1 Omschrijvingen in de catalogus en alle schriftelijke of mondelinge inlichtingen worden door de veilinghouder en zijn personeel naar beste weten verstrekt.
2.2 De koper dient vóór de koop de staat en de beschrijving van een voorwerp in de catalogus of kavellijst ten eigen genoegen nauwkeurig en deskundig te (laten) inspecteren en een eigen oordeel te vormen over de mate waarin het voorwerp overeenkomt met de beschrijving ervan en de koper dient waar redelijkerwijs nodig of gewenst onafhankelijk advies van deskundigen in te roepen, terwijl de koper niet op illustraties in de catalogus dient af te gaan. Indien in de catalogus bepaalde gebreken of onvolkomenheden zijn vermeld, beoogt dat een indicatie te zijn die niet uitputtend is en waaraan de koper geen rechten kan ontlenen.
2.3 De veilinghouder kan niet aansprakelijk gehouden worden voor de onjuistheid van de beschrijving in de catalogus of op andere wijze kenbaar gemaakt, van materialen zoals bijvoorbeeld houtsoorten, stoffen, legeringen, aardewerk, porselein en diamant, een en ander met uitzondering van edele metalen. De veilinghouder aanvaardt alleen aansprakelijkheid voor onjuiste omschrijvingen voor zover voorzien in artikel 6 van deze voorwaarden.

Artikel 3 bieden

3.1 De koper kan in persoon bieden, tevens accepteert de veilinghouder biedingen:
- Schriftelijk
- Telefonisch
- Fax
- E-mail
- Internet, zowel voor de veiling als via de LiveBid. Let op! LiveBid wordt belast met 3% extra commissie, zoals vermeldt in artikel 3.6.

Kavels worden toegewezen aan de hoogst biedende. Bij een gelijk bod van 2 schriftelijke bieders wordt het betreffende kavel toegewezen aan de bieder wiens bieding het eerst ontvangen is.
3.2 Schriftelijke biedopdrachten dienen ondubbelzinnig en duidelijk te zijn en naar het oordeel van de veilinghouder tijdig genoeg voor de aanvang van de veilingzitting door de veilinghouder te zijn ontvangen. Indien er meerdere schriftelijke biedopdrachten door de veilinghouder worden ontvangen waarbij de te bieden bedragen gelijk zijn en deze biedingen ter veiling de hoogste biedingen op het voorwerp zijn, wordt het voorwerp verkocht aan de persoon wiens bieding door de veilinghouder het eerst is ontvangen.
3.3 Biedopdrachten hoeven slechts te worden uitgevoerd indien de veilinghouder redelijkerwijs daartoe gelegenheid heeft en de veilinghouder heeft te allen tijde het recht van het voeren van een biedopdracht af te zien.
3.4 Indien koper telefonisch of -indien mogelijk- elektronisch of via internet wil bieden, dient dit uiterlijk 24 uur voor de veiling schriftelijk met de veilinghouder te worden overeengekomen. Afwijking van deze termijn kan alleen met uitdrukkelijke schriftelijke instemming van de veilinghouder.
3.5 De veilinghouder sluit steeds iedere aansprakelijkheid ter zake van het om welke redenen dan ook niet slagen van een telefonische bieding uit, evenals het om welke redenen dan ook niet slagen van een schriftelijke bieding, elektronische bieding of bieding door middel van het internet.
3.6 Alle biedingen zijn onderhevig aan een aankoopcommissie.
- Drieëntwintig procent (23%) commissie en €2 kavelgeld voor ieder gekocht kavel bij alle Postzegel- en Muntveilingen
- Vijfentwintig procent (25%) commissie en €2 kavelgeld voor ieder gekocht kavel bij alle Kunst en Curiosaveilingen

Kavels verkregen via LiveBid worden belast met 3% extra commissie.

Artikel 4 totstandkoming koopovereenkomst

4.1 De koop komt tot stand bij definitieve toewijzing. Van definitieve toewijzing is sprake wanneer de veilinghouder het bod van de koper heeft geaccepteerd dan wel het voorwerp aan de koper heeft toegeslagen.
4.2 Alle voorwerpen worden verkocht in de toestand waarin zij zich op het ogenblik van toewijzing bevinden. Wezenlijke wijzigingen in de toestand die blijken na verschijning van de catalogus en/of het tonen op de kijkdagen en/of op het internet waaronder ernstige beschadiging of breuk, of herroeping van de omschrijving van een voorwerp in de catalogus en/of het internet zullen voorafgaand aan de verkoop worden medegedeeld. Na een dergelijke mededeling (bijvoorbeeld in een "sale room notice") kunnen aan de oude omschrijving geen rechten worden ontleend.

Artikel 5 verplichtingen koper

5.1 De koper dient zich op eerste verzoek van de veilinghouder te legitimeren.
5.2 De koper wordt geacht voor zichzelf te hebben gekocht en is aansprakelijk voor betaling zonder zich op een lastgever te kunnen beroepen.
5.3 De rechten en plichten uit hoofde van de koopovereenkomst en deze algemene voorwaarden komen uitsluitend toe aan de koper en kunnen door deze niet aan derden worden overgedragen.

Artikel 6 terugnameverplichting veilinghouder

6.1 Tenzij uitdrukkelijk voor bepaalde voorwerpen in de catalogus of kavellijst uitgesloten, is - onverminderd de artikelen 2 en 4.2 - de veilinghouder bereid een geveild voorwerp tegen gelijktijdige restitutie van de in rekening gebrachte koopprijs en veilingkosten terug te nemen, indien de koper binnen een periode van zes weken na de verkoop ten genoegen van de veilinghouder bewijst dat het geveilde zulke ernstige verborgen gebreken vertoont of de verstrekte omschrijving zo onjuist is, dat indien deze gebreken of de juiste omschrijving aan de koper op het ogenblik van toewijzing bekend waren geweest, hij van de koop zou hebben afgezien of slechts tegen een aanmerkelijk lagere prijs gekocht zou hebben. Dit geldt niet indien de gebreken alleen de conditie van het voorwerp betreffen (zoals bijvoorbeeld slijtage en restauraties).
6.2 De veilinghouder is niet bereid tot terugname indien de omschrijving in de catalogus voorafgaande aan of tijdens de veiling werd herroepen en de juiste omschrijving mondeling of schriftelijk aan het publiek werd medegedeeld.
6.3 De bereidheid tot terugname vervalt ook als de koper het geveilde niet kan teruggeven in dezelfde staat als waarin het zich bij toewijzing bevond, zulks ter beoordeling van de veilinghouder.

Artikel 7 rechten veilinghouder en veilingmeester

7.1 De veilinghouder en de veilingmeester die leiding geeft aan de veiling behouden zich de volgende rechten voor:
a. zonder opgave van redenen personen als bieder of koper te weigeren;
b. te allen tijde wijziging te brengen in de orde van verkoop;
c. voorwerpen te doen uitvallen of toe te voegen;
d. kopen te combineren of te splitsen;
e. kopen niet te gunnen of op te houden;
f. vergissingen bij biedingen en toewijzing te herstellen, of een koop ongedaan te maken zonder dat een bieder van vergissingen gebruik mag maken en zich in dat geval op een tot stand gekomen koopovereenkomst mag beroepen;
g. na toewijzing onmiddellijk gehele of gedeeltelijke betaling te vorderen, terwijl bij weigering of onmacht van betaling de veilinghouder en de veilingmeester het recht hebben de koopovereenkomst ongedaan te maken en daarna het betreffende voorwerp te herveilen en het bod van de nalatige bieder niet weer aan te nemen;
h. indien de koper weigert op eerste verzoek volledige naam en adres aan de veilinghouder bekend te maken en daarop betrekking hebbende legitimatie te tonen, de koopovereenkomst te ontbinden en te herveilen;
i. voorwerpen niet over te schrijven van de rekening van de oorspronkelijke koper op die van een ander;
j. gedurende de veiling geen voorwerpen af te geven;
k. namens kopers of verkopers biedingen uit te brengen;
l. voorwerpen waarover tijdens of kort na de veiling een geschil gerezen is, opnieuw in veiling te brengen, en een eventuele koopovereenkomst te ontbinden.

Artikel 8 betaling/eigendomsoverdracht

8.1 De betaling door de koper van de koopsom in Euro verhoogd met veilingkosten, andere kosten, waaronder indien van toepassing, het verschuldigd volgrecht, en eventuele BTW, één en ander als door de veilinghouder vast te stellen, moet vóór de aflevering van de gekochte voorwerpen plaatsvinden en binnen de door de veilinghouder te stellen termijn, zonder dat korting of verrekening is toegestaan, een en ander tenzij anders is overeengekomen.
8.2 Een beroep op de zogenaamde margeregeling kan uitsluitend worden gedaan indien vooraf aan de veiling aan alle ter zake geldende voorschriften is voldaan onder andere met betrekking tot de inkoopverklaring. Zulks ter uitsluitende beoordeling van de veilinghouder.
8.3 De eigendom van de voorwerpen gaat niet eerder over dan na volledige betaling van de koopsom en in geval van niet-tijdige betaling niet eerder dan na volledige betaling van de koopsom inclusief de in artikel 9 genoemde kosten.

Artikel 9 niet-tijdige betaling

9.1 Bij niet-tijdige betaling zal de veilinghouder aan de koper rente in rekening mogen brengen gelijk aan de wettelijke rente verhoogd met 3% dan wel – naar keuze van de veilinghouder – 1% per maand, te rekenen vanaf de datum waarop de betalingstermijn is verstreken. Tevens komen alle gerechtelijke en buitengerechtelijke kosten voor rekening van de nalatige koper, welke kosten worden begroot op 15% van de koopsom vermeerderd met de veilingkosten met een minimum van € 250 (zegge: tweehonderdvijftig Euro), onverminderd het recht om de werkelijke kosten te verhalen.
9.2 De veilinghouder heeft tevens het recht om, indien de koper de betalingstermijn overschrijdt en daardoor van rechtswege in verzuim is, de koopovereenkomst schriftelijk te ontbinden. Eventuele gedeeltelijke betalingen vervallen in geval van ontbinding bij wijze van vergoeding van schade aan de veilinghouder die tevens het recht heeft de volledige schade, zoals een mindere opbrengst, en kosten op de koper te verhalen en het geveilde onmiddellijk of later te herveilen of uit de hand te verkopen. De nalatige koper kan geen aanspraak maken op een eventuele meeropbrengst.

Artikel 10 ophaaltermijn

10.1 De koper is verplicht de gekochte voorwerpen tot zich te nemen en af te (laten) halen binnen de door de veilinghouder aan te geven termijn. Behoudens het recht van de veilinghouder een kortere of langere termijn aan te geven geldt als uiterlijke ophaaltermijn, een termijn van vijf werkdagen na de laatste veilingdag.
10.2 Bij nalatigheid van de koper het gekochte af te nemen en op te (laten) halen binnen de gestelde termijn is de koper van rechtswege in verzuim en is het gestelde in artikel 9 van overeenkomstige toepassing. Tevens heeft de veilinghouder het recht het gekochte voor rekening en risico van de koper in opslag te geven, waarbij vervoerskosten en het daaraan verbonden risico eveneens ten laste van de koper komen.

Artikel 11 onverkochte voorwerpen

11.1 Indien een voorwerp ter veiling onverkocht blijft, heeft de veilinghouder gedurende een periode van veertien dagen na de veiling het recht doch nimmer de plicht het onverkochte voorwerp alsnog te verkopen tenzij anders overeengekomen met de inbrenger.
11.2 De veilinghouder zal een dergelijke verkoop na veiling ("aftersale") alleen aangaan indien die verkoop kan geschieden voor een prijs die resulteert in een bedrag dat minimaal gelijk is aan de netto verkoopopbrengst waarop de verkoper recht zou hebben gehad indien het voorwerp voor de voor deze veiling geldende limiet zou zijn verkocht, zulks tenzij een andere regeling met verkoper wordt overeengekomen.
11.3 Een aankoop door een koper in de zin van dit artikel geldt als aankoop ter veiling waarop deze algemene voorwaarden onverkort van toepassing zullen zijn.

Artikel 12 aansprakelijkheid veilinghouder

12.1 De veilinghouder is nimmer aansprakelijk voor schade ontstaan aan schilderijlijsten, overige omlijstingen en al wat daarvan deel uitmaakt zoals glasplaten, passe-partouts etc., behoudens het geval dat de schade is veroorzaakt door opzet of bewuste roekeloosheid van de veilinghouder en/of door hem ingeschakelde hulppersonen of personeelsleden.

Extract of the conditions of sale

The auction sale occurs by upward bidding in euro. To the hammer price a buyers commission will be added of 25% and 2 euros for every bought lot. Purchases via the livebid system have an alternate commission fee of 28% and 2 euros for every bought lot.

Lots are assigned to the highest bidder. In case of two even bids the concerning lot will be assigned to the first received bidsheet. Bidders can submit written bids with the accompanying bidsheet. Please notice: no bids below the starting price will be accepted!

The auction sale takes place with increasing steps as follows: up to 40 euro with 2 or 3 euro, from 40 to 100 euro with 5 euro, from 100 to 300 euro with 10 euro, from 300 to 500 euro with 20 euro, and from 500 to 1000 with 50 euro and above 1000 euro with 100 euro. The auctioneer has the right to deviate from these amounts. Bids under the starting price are not accepted.

During and after the auction lots bought can be taken along by the purchaser. This is possible after direct payment (cash or bank) or after permission of the auctioneer to wire the amount within an agreed period. Payment with creditcard is also possible, the auctioneer will charge 5% extra to the invoice due to bankcosts. Cheques and PayPal are not accepted. Every bidder is considered to buy for him- or herself and can never be entitled 'in-betweens' without responsibility.

Purchases will not be sent before the invoice is paid in full. Heritage Auctions Europe takes no responsibilities for bank or wire transfer surcharges (which some banks charge).

A minimum of 30 euro will be charged for shipping costs. Heritage Auctions Europe is free to raise these costs if the actual shipping costs are higher than invoiced. We attempt to ship as quickly as possible, but operate a queue system with purchases shipped in order of payment. Buyers will receive a tracking num-ber once the package is ready to be shipped out.
We reserve the right to decline to ship lots deemed too fragile, heavy or large for postal services. Every effort is made to pack securely but we are not a professional shipping company, our services are used at the buyers risk and we cannot be held responsible for damage in transit.

Ownership of the lots remains with the seller until payment has been made in full. Buyer's risk is valid from the moment of knock-down.

All lots are sold as viewed. Authenticity of every single lot (or lots with no more than 2 pieces) is guaranteed.

All disputes during or after the auction are decided by a present supervisor. All parties are subject to his/her pronouncement. Any disputes followed by legal actions will be handled according to the conditions as deposited at the Court of Law in Utrecht under no. 383/1999 (15/11/1999). Only the Dutch text of conditions of sale is in force.

According to Dutch taxlaw your VAT-number will NOT exclude VAT. All prices are reserve prices.

	An interesting collection of photographs, correspondance letters and doucments relating to Rudolf Spoor and Wernher von Braun (1912-1977). Wernher Magnus Maximilian Freiherr von Braun was a German-American aerospace engineer and space architect. He was the leading figure in the development of rocket technology in Nazi Germany and a pioneer of rocket and space technology in the United States.	
1757	While in his twenties and early thirties, von Braun worked in Nazi Germany's rocket development program. He helped design and co-developed the V-2 rocket at Peenemünde during World War II. Following the war he was secretly moved to the United States, along with about 1,600 other German scientists, engineers, and technicians, as part of Operation Paperclip. He worked for the United States Army on an intermediate-range ballistic missile program, and he developed the rockets that launched the United States' first space satellite Explorer 1 in 1958. In 1960, his group was assimilated into NASA, where he served as director of the newly formed Marshall Space Flight Center and as the chief architect of the Saturn V super heavy-lift launch vehicle that propelled the Apollo spacecraft to the Moon. In 1967, von Braun was inducted into the National Academy of Engineering, and in 1975, he received the National Medal of Science. He advocated a human mission to Mars.	*20*

Gold jewellery and objects

Gold medieval ring, 8th-10th century, richly decorated with filigree and granulation work and a square pink stone, 26.3 x 23.3/9,8 mm, 9,04 grams (without stone), extremely rare detector find from Drenthe, official registred PAN 81786.

De Ring van Willehad

In 2020 is bij Gasteren, vlakbij het stroomdal van het Gasterse Diep, met behulp van een metaaldetector een forse, fraai versierde, middeleeuwse gouden ring opgegraven. In eerste instantie werd deze beschreven als een 'bisschopsring' en er is zelfs een verband gezocht met Willehad, de Angelsaksische missionaris die in achtste eeuw onder de Friezen en Saksen werkte en rond 770 tot bisschop van Bremen werd benoemd.

Aan de versiering van de ring is echter geen enkele religieuze symboliek toe te kennen en ook andere tekenen dat het sieraad ooit aan een kerkelijke prelaat heeft toebehoord, zoals bijvoorbeeld inscripties, ontbreken. Het is dus even goed mogelijk dat de oorspronkelijke eigenaar een edelman, een bestuurlijk ambtenaar of een rijk koopman is geweest. Dat het een bijzonder persoon betrof staat buiten kijf.

Het sieraad is opgebouwd uit twee plaatjes goud die rondgebogen, aan de uiteinden zwaluwstaartvormig verbonden en langs de randen aan elkaar gesoldeerd zijn, zodat zij samen een holle ring vormen. Langs de soldeerrand aan de buitenzijde is dunne gouden filigrein parelstrip meegesoldeerd waarvan de parels met behulp van een vorm in gouddraad zijn aangebracht.

De bovenste helft van de ring is rijk versierd met soortgelijke parelstrips, die in het midden een brede cirkel vormen met daarin vier ω-vormige guirlandes, een centrale kleinere cirkel en daarbinnen de vierkante zetting van een siersteen, die los aanwezig is. Hierbuiten loopt een enkele centrale filigreindraad over de gehele omtrek van de ring, die met grote ω-vormige versieringen op de genoemde cirkel aansluit.

De parelstrips zijn op een aantal plaatsen vastgezet met een soort 'nietjes': dunne draadjes goud die aan één zijde van de strip zijn vastgesoldeerd en daarna over de strip zijn omgebogen. Bovendien zijn op meerdere plaatsen gouden granules aangebracht, in de uiteinden van de guirlandes maar ook op het veld buiten het filigrein. De steen is onregelmatig vierkant van vorm, maximaal 6,78 x 6,58 millimeter groot, doorzichtig paarsroze van kleur met afgeschuinde zijkanten ('emerald cut').

De stijl en de gebruikte techniek van de ring sluit geheel aan bij die van een aantal sieraden uit de achtste tot tiende eeuw uit de West Yorkshire Hoard (Leeds, 2008/9). Dat een dergelijk voorwerp in Nederland uit de bodem is gekomen heeft geen precedent. Het genoemde tijdvak heeft over het algemeen weinig bodemvondsten opgeleverd en zeker niet van goud. Schriftelijke bronnen zijn schaars en vaak weinig betrouwbaar en onze kennis over mens en cultuur is dan ook zeer beperkt te noemen. De Ring van Willehad is een bijna magisch reliek uit een vrijwel onbekende wereld.

The Ring of Willehad

In 2020, a large, beautifully decorated, medieval gold ring was excavated in Gasteren, near the torrent valley of the Gasterse Diep, with the help of a metal detector. Initially described as a 'bishop's ring', a connection has been sought with Willehad, the Anglo-Saxon missionary who worked among the Frisians and Saxons in the eighth century and was appointed bishop of Bremen around 770.

However, no religious symbolism can be attributed to the decoration of the ring and other signs that the piece of jewelry once belonged to an ecclesiastical prelate, such as inscriptions, are absent. It is therefore equally possible that the original owner was a nobleman, an administrative official or a wealthy merchant. It goes without saying that he must have been a special person.

The piece of jewelry is made up of two plates of gold that are bent round, connected at the ends in a dovetail shape and soldered together along the edges, so that they together form a hollow ring. Thin gold filigree pearl strip has been soldered along the outside soldering edge, the pearls of which are shaped in gold wire using a die.

The top half of the ring is richly decorated with similar pearl strips, which form a wide circle in the middle with four ω-shaped garlands, a central smaller circle and within it the square setting of a decorative stone, which is present separately. Outside of this, a single central filigree thread runs around the entire circumference of the ring, which connects to the mentioned circle with large ω-shaped decorations.

The pearl strips are secured in a number of places with a kind of 'staple': thin wires of gold that are soldered to one side of the strip and then bent over the strip. In addition, gold granules have been applied in several places, in the ends of the garlands but also on the field outside the filigree..

The stone is irregularly square in shape, maximum 6.78 x 6.58 millimeters in size, transparent purple-pink in color with chamfered sides ('emerald cut').

The style and technique of the ring is fully in line with that of a number of eighth to the tenth century jewels from the West Yorkshire Hoard (Leeds, 2008/9). There is no precedent for such an object to have come out of the soil in the Netherlands. In general, the period referred to has yielded few archaeological finds, and certainly not of gold. Written sources are scarce and often not very reliable and our knowledge about people and culture is therefore very limited. The Ring of Willehad is an almost magical relic from a virtually unknown world.

3916	Messenger lapel badge of the Kabinet der Koningin (Queen's Cabinet, 1891). Ribbon of black cloth 215x50 mm, covered at the front with three rows of silver stitching (diagonal-horizontal-diagonal) and at the bottom a 65 mm long fringe of gold braid, trimmed with two cords; attached to the ribbon is a silver-gilt triple bow with a suspension loop from which, by means of three chains, hangs an oval box-shaped medallion 52x68 mm, with a bracket at the back that runs around the ribbon. The lid of the medallion consists of glass with a gilded edge in which is engraved at the bottom 'KABINET DER KONINGIN' and carries three hanging ornaments; behind the glass the crowned national coat of arms is visible with crowned lions as bearers on a banderole reading 'JE MAINTIEND-RAI', painted in gouache (brown, grey-brown, gold, red and blue) on glacé cardboard, part of which is damaged at the bottom left. On the bow a maker's mark and a hall mark 'sword'. The name 'Kabinet des Konings' was changed in 1891 to 'Kabinet der Koningin'. Probably at that time, only the edge of the lid with the engraving was changed, because the entire version of the bus strongly resembles messenger boxes from the early nineteenth century. Extremely rare. Bodebus van het Kabinet der Koningin (1891). Lint van zwarte lakense stof 215x50 mm, aan de voorzijde bekleed met drie banen zilverstiksel (diagonaal-horizontaal-diagonaal) en onderaan een 65 mm lange franje van goudgalon, afgezet met twee biezen; op het lint is bevestigd een verguld zilveren drievoudige strik met draagoog waaraan met drie kettingen een ovaal doosvormig medaillon 52x68 mm hangt, met aan de achterkant een beugel die om het lint heen loopt. Het deksel van het medaillon bestaat uit glas met een vergulde rand waarin aan de onderzijde is gegraveerd 'KABINET DER KONINGIN' en waaraan drie pengels hangen; achter het glas is het gekroonde rijkswapen zichtbaar met gekroonde omziende leeuwen als dragers op een banderol met 'JE MAINTIENDRAI', in gouache (bruin, grijsbruin, goud, rood en blauw) geschilderd op glacé-karton waarvan linksonder een deel beschadigd is. Op de strik een meesterteken en een waarborgteken zwaard. NB De naam Kabinet des Konings werd in 1891 gewijzigd in Kabinet der Koningin. Waarschijnlijk is toen alleen de rand van het deksel met de gravering aangepast, want de gehele uitvoering van de bus lijkt sterk op bodebussen uit het begin van de negentiende eeuw (zie bv. het Hollandse exemplaar afgebeeld bij Wikipedia onder 'bodebus'); mogelijk is dit dus een oude bodebus vervaardigd onder koning Willem I. Uiterst zeldzaam.	500
